EDUCATION

Swami Keshvanand Institute of Technology, Jaipur <i>Bachelor of Technology in Computer Science(Artificial Intelligence).</i>	2023 - 2027 7.7 CGPA
M.T.M School <i>Senior Secondary School</i>	2022 83.2%
Navkar Vidya Mandir School. <i>Secondary School</i>	2020 63.3%

EXPERIENCE

Deloitte – Virtual Internship As Cyber Security Intern	July 2025, Jaipur (Remote)
- Analyzed web activity logs to detect anomalies and potential security threats in simulated breach scenarios. - Drafted detailed incident response reports and recommended preventive security measures.	
Kistechnosoftware – Summer Internship As Web Development Intern	July - August 2024, Jaipur (On Site)
- Developed a responsive web application "Zoopedia: Explore the Untamed" using HTML, CSS, and Bootstrap. - Implemented UI components and optimized page layout for seamless cross-device user experience.	

PROJECTS

Zoopedia – Explore The Untamed
- Created a dynamic wildlife information website using HTML, CSS, and JavaScript to showcase animals and habitats interactively - Focused on responsive UI/UX with clean visuals and engaging educational content.
Gate Automation System
- Designed and built a proximity-triggered gate automation system using a stepper motor, metallic arm, and bearing-guided struct channel. - Integrated sensor-based control for safe and efficient automated gate movement without manual intervention.

SKILLS

Languages - C, C++, Python, Java (Basic)
Web Development - HTML, CSS, JavaScript, Bootstrap
Tools/Technologies - Git, GitHub, VS Code, Kali Linux
Core Subjects – Data Structures & Algorithms (C++), Cybersecurity, Artificial Intelligence, OOPs, DBMS

ACHIEVEMENTS AND EXTRA CURRICULAR

- Solved 50+ coding problems on LeetCode, improving logic-building and algorithmic thinking
- Gold Medalist in Cricket**; represented **Rajasthan State Team** at a tournament in **Karnal, Haryana**.
